Critical Intelligence Problems Committee

DCI/ICS 86-3758

7 JUL 1986

MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT: CIPC Monthly Report--June 1986

25X1

1. Committee Meeting:

The CIPC met on 30 June at 1530 hours. The China Follow-up Report was the principal agenda item. In addition, working group chairmen provided status reports on the progress of their studies.

25X1

2. With regard to the China Follow-up Report, the committee noted that there is a growing consensus within the Intelligence Community that much needs to be done with regard to technology transfer to China.

25X1

3. In view of this increasing problem, the committee remanded the follow-up report to the CIPC staff to include a section on technology transfer.

25X1

4. The CIPC working group chairmen provided the committee status reports on the following CIPC studies:

25X1

The chairmen all reported that they were receiving strong support and active participation from the Intelligence Community for their respective studies. There is some slippage in the production schedules, but we expect these studies to be completed over the next two-four months. [REDACTED]

25X1

5. The activities of the following two working groups are particularly noteworthy:

- NFIP Support to Contingency Operations

The working group continued to meet nearly twice weekly during the month. Most of the sessions were devoted to establishing a common understanding of the various aspects of the problem. Additionally, the working group members agreed on a study outline.
